**09 Lunam collection**

Designed by Patricia Urquiola and made in Italy, Lunam is a dreamy furniture collection inspired by the atmosphere of a lunar landscape. A simple painted metal structure supports the generously dimensioned upholstered sections, which can be complemented by a Lunam cushion. Aply, Lunam is available from Space. [spacefurniture.com.au](http://spacefurniture.com.au)

**10 Corner Collection**

Based on the simple lines of a house drawn by a child, the Corner Collection by Melbourne's Another Bureau of Design includes a stool, a bench and a lounge chair. Metal panels are cut, folded and carefully welded together to create geometric forms reminiscent of gable roofs. [anotherbureauofdesign.com](http://anotherbureauofdesign.com)

**11 Desert lounge chair**

The graceful Desert lounge chair by Ferm Living features a powdercoated tubular steel frame and an interchangeable textile seat. Each chair's PET yarn fabric is woven from about 50 recycled plastic bottles. The lounge comes in a range of colours and patterns and is suitable for indoor and outdoor use. **12 Astrée floor lamp**

With the Ligne Roset Astrée floor lamp, Benjamin Graindorge wanted to create the impression of a globe floating in space. A glass shade is delicately suspended within steel tubing, which evokes the infinity symbol and is supported by a marble base. [domo.com.au](http://domo.com.au)
